NEWS FOR VETERANS

Five points of advice were offered by the Veterans Administration to veterans who feel the necessity to buy their dream homes under the GI loan program, as follows:

1. Make sure your home is near enough to transportation, schools and shopping to suit the needs of the family.

2. Be sure your income is large enough to pay all costs of home ownership, including loan principal and interest, taxes and insurance, utilities, and maintenance, and anything you are buying on installments.

3. Make certain your investment, such matters as deposits, purchase agreements and sales contracts are fully protected before you make a deposit or sign any document.

4. Be sure you understand the important legal documents you have to sign when you make "final" settlement" or "close the loan."

5. And remember a GI loan must be repaid! GI loans offer you many advantages, but like any other debt they must be paid back on schedule.
